SAFETY POLICY STATEMENT

By its nature an Agricultural Show presents a potentially hazardous environment. All persons concerned in the presentation of the Show need to be vigilant and ensure that any perceived hazard is, if possible, dealt with immediately and reported to the Show Organiser in order that the necessary action can be taken.

Any incidents or near misses must be reported. In this manner it is aimed to provide a safe and healthy environment for all persons attending the Show in whatever capacity, whether as officials, contractors, exhibitors, traders, performers or members of the public.

This must be seen as an on-going commitment in which all are involved. In particular, Section Organisers and Chief Stewards must be satisfied that their Stewards have the training and experience to carry out any task allotted to them.

The Show Organiser will be responsible for issuing copies of the Safety Policy Statement to all show stewards and officials. The Show Organiser will ensure adequate provision of medical and first aid services through a nominated contract who will be responsible for maintaining accident records and where appropriate report to the Health & Safety Executive. Plans of the Showground will be held in the Show Office.

Potentially many hazards will arise from the activities of contractors. Only professional and appropriately qualified and/or experienced contractors shall be engaged for general showground work, electrical supply and maintenance, tentage, catering and course building. All contractors must undertake to have sufficient experienced staff on site to deal with emergencies on Show Days and to have sufficient insurance cover.

(a) The Show Organiser will advise all contractors that they must observe the Health and Safety at work standards appropriate to their trades, both in terms of equipment and in handling and storage.

(b) The Show Organiser will advise all individuals and organisations attending the show similarly and where any of their activities on the Showground give rise to potential hazards, e.g. demonstrations of machinery, they must provide any necessary barriers and or attendants to ensure public safety.

(c) Any operator of fairground or similar equipment that needs safety certification must certify to the Show Secretary that a valid certificate exists.

(d) The Show Organiser will advise all exhibitors of horses that only designated parking and exercise areas and walkways may be used.

(e) The Show Organiser will advise all exhibitors of cattle, sheep or pigs as appropriate that the designated unloading areas and pens must be used and that competent adult handlers must be present.

(f) The Dog Section Chief Steward will advise all exhibitors that all dogs must be kept on leads unless secured away from the public or under direction of a Show Steward.

The Show Organiser will plan the site layout paying particular attention to the designation of parking, unloading and penning arrangements for livestock to comply with current animal health legislation.

In addition to Red Cross medical service, Police and veterinary surgeons will be on site during build up and on Show Days.

In the event of a major incident the Chief Executive and/or Show Organiser must be informed without delay. The appropriate emergency service will be contacted and the Show Emergency Plan initiated. The objective is

to protect the Public, contain the incident and minimise the consequence, (**SEE STEWARDS SAFETY HANDBOOK**). Gate Stewards must be ready at any time to control incoming traffic in order to facilitate speedy evacuation of any casualties from the Showground. In the event of a serious fire or accident all admission to the Showground will be stopped, except by the Emergency Services. Stewards will direct people to safe areas of the Showground to leave the entrance and exits clear for Emergency Services.
